

The QS2 .. Compact Excellence

We are delighted to introduce the QS2, a compact and versatile cabinet designed to meet the specific requirements of smaller IT equipment, such as iPads and tablets. Standing at a height of 100cm (wheels included) and two lockable front doors, the QS2 brings the same level of protection as its larger counterpart, the QS1, while catering to the needs of a more compact IT setup.

QS2 (outer dim. H x W x D :105x120x60 cm)

Space-Efficient Design

The QS2 is your solution when space is at a premium. Its reduced height allows it to seamlessly integrate into environments where a full-sized cabinet might be impractical. Despite its compact dimensions, the QS2 maximizes usable space to accommodate your valuable IT assets efficiently.
